MEDICAL INSTITUTE ACCEPTING APPLICATIONS -- Molodoy Dal'nnevostochnik, No 106, 8 Jun 49

The Khabarovsk State Medical Institute is accepting applications from students for the first-year course in the 1949-1950 school year. The Therapeutics and Prophylaxis Department trains physicians and therapists in a 6-year course.

Applications will be accepted 20 June-31 July. Applications are to be addressed to the institute's director and accompanied by a certificate of secondary school completion (in the original), detailed autobiography, three 3 x 4 centimeter photographs (taken without headress), and a statement of draft status.

Persons 17-35 years old who have completed secondary school are eligible. Persons with secondary school gold and silver medals "For Outstanding Progress and Exemplary Conduct" are accepted without examinations. World War II veterans who completed secondary school with a certificate of excellence are accepted at the Institute without examination regardless of when they finished school; all other persons who have completed secondary school or 3-year secondary medical school must take examinations in Russian language and literature, physics, and chemistry. Excellent students who have completed 3-year secondary medical school are examined on general fundamentals. Entrance examinations will be held 1-20 August. Classes start 1 September.

Students who pass the entrance examinations with "good" or "excellent" will be given State stipends.

Address of the Institute: 34 ulitsa Karla Marksa, Khabarovsk city. -- Advertisement

CHITA HEALTH RESORTS EXPANDED -- Zabaykal'skiy Rabochiy, No 120, 21 Jun 49

Repair and construction work is going full speed this year on the health resorts of Chita Oblast. The Darasun health resort has had 3 1/2 million rubles allocated to its repair and expansion. A new dormitory is under construction, a water filter station is being completed, and a new electric power plant has been put into operation. The resort's power needs are now completely met. A workers' dormitory with a capacity of 100 persons, a bath, water tower for fresh water, and a main fence surrounding the resort are also under construction. The bakery is being restored and many buildings are undergoing capital repairs. The water main will be put into operation by the end of this year. Wells are being drilled in the vicinity of the mineral springs in order to increase their output. Next year's plans call for the construction of a sewage system and a number of other projects, for which equipment, a brick plant, sawmill, and construction materials are being readied.

The Olentuy resort is also being expanded, with 1,700,000 rubles being spent on repair and construction projects this year. Among the construction projects are a new building with 70 beds, an electric power plant, a workers' dormitory, and a brick plant. From neighboring oblasts, 150 workers have arrived for work at the resort by arrangements of the government.
